#1: blue because it does not go with any color but blue

## Chapter 2 by SaintSayaka

"Blue does not go with anything but blue? I think you need to study color theory a bit more."

The cosmetologist rolled her eyes as her client blabbered on, completely oblivious to the insult. It was a comfort to her knowing that the woman would look completely horrible with platinum blonde hair. Sure, it would probably result in a screaming match, managers being called, and a stiffed tip, but she could take the hit.

"No."

"Well, I guess than regularly unicorn tail hair will have to do."
